

Sanity

Blackwell

One two three four
There's a watch in my pocket and its hands are broken
The face is blank but the gears are turnin'

(Confusion)

Is a fundamental state of mind
It doesn't really matter what I'm figurin' out?
I'm guaranteed to wind up in a state of doubt
And sanity is a full time job
In a world that is always changin'

And sanity is a state of mind

That you believe in sanity
There's a shadow on the wall where the paint is peeling
My body's moving forward but my mind is reeling

(Depression)

Is a fundamental state of being
It doesn't really matter how my day has turned out?
I always end up living in this world of doubt
And sanity is a full time job

In a world that is always changing
And sanity will make you stop it
You believe in sanity
And sanity is a full time job
In a world that is always changin'
And sanity is a state of mind
That you believe in sanity
