Fly Away

Missing Heart

Fly
Just fly away
Oh baby you can never lose a missing heart
In your eyes I see the dark
Just fly awayIn the land of loneliness
You're the victim of the night
Take the future of the past
Go to the other sideAaaaahhhhhFly
Just fly away
Forever you will never need a helping hand
Simply say good bye and fly
Just fly away
Oh baby you can never lose a missing heart
In your eyes I see the dark
Just fly awayAaaaahhhhJust fly awayLeave the smile of lies behind
Spread the wings of fantasy
Maybe tears will make you blind
But love will make you seeAaaahhhhh
