

Fiddler's Farewell

Avatar

I sing one last song
By your tombstone
I pay my respects
Alone
Dream, fiddle dream
The leaves they are falling
I'll face old king frost
Alone There goes the summer
There goes the summer
There goes the summer
I'm so cold
I never thought we'd end it like this Sheltered from snow
I watch as you slumber
Breathless and deep
Alone
Songs play no more
My fiddle is silent now
I carry on
Alone There goes the summer
There goes the summer
There goes the summer
I'm so cold
I never thought we'd end it like this If I had one chance to go back
If I had one chance to go back
I wish that I could get you back
I wish I had
I wish I had There goes the summer
There goes the summer
There goes the summer
I'm so cold
I never thought we'd end it like this
