Cathedral Spires

Judas Priest

They have blown away the daylight hours we had
Left a legacy, a deadly aftermath
We cannot exist in godforsaken lands
As we spiral down into oblivion
Breathing the fumes of fires that they ignite
Losing ground and we are all just losing sight
We shall never see another setting sun
Time to rise up and ascend, the end has comeNo more willpower
Choked by hell fire
Darkness above
Blackening out the sun
Gripped by steel claws
Corrosion eating usSo before we're all devoured
Time to rise up and retire
In cathedral spires
Watching as the world expires
From up amongst the clouds
In cathedral spiresNo names
No graves
No prayers
Can save usAshes to dust
Doomsday's upon us nowIt cannot be stopped
Genocide all is lostOh! We're so tired
Time to rise up and conspire
In cathedral spires
Watching as our world expires
From up above the clouds
In cathedral spiresJaws of corruption
Swallow us as one
Consuming every nation
Evoke resistance getting none
Complete disintegration
No good to defend
There can be but one outcome
We are no more - ascendVaporized fury
Offers no sanctuaryOh! We're so tired
Time to rise up and retire
In cathedral spires
Watching as the world expires

From up amongst the clouds
In cathedral
In cathedral spiresOh! We're so tired
Watching the world expire
Time that we retire
Up in cathedral spiresOh! We're so tired
Watching the world expire
Time that we retire
Up in cathedral spiresOh! We're so tired
Watching the world expire
Time that we retire
Up in cathedral spiresOh! We're so tired
Watching the world expire
Time that we retire
Up in cathedral spires
