I ain't never worried about beef
Because my brother 67ulyI got that point guard in my blood

From TNS to INP's

Sopram, John Doe, YLO, Latin Kings[Sean Paul]
All the ladies when you're ready
Let me, let me know

This the shit that defines me
NBA can't fine me
Even if they did I'd settle for 2 billion, smilin'Move low key, no sirens
Grew up around keys and violence
Was taught to stay silent
Now silence[Sean Paul]
All the ladies when you're ready
Let me, let me know
That's it, that's it, that's it, that's it, that's it
Ready, set, she goAll the ladies when you're ready
Let me, let me know
That's it, that's it, that's it, that's it, that's it
Ready, set, she goAll the ladies when you're ready
Let me, let me know
That's it, that's it, that's it, that's it, that's it
Ready, set, she goAll the ladies when you're ready
Let me, let me know
That's it, that's it, that's it, that's it, that's it
Ready, set, she go
