

High Fives

Simply Red

High fives, truly night jive
Living in the night timeSoul man, golden old man
Weathering the time sandsThis whole rhythm gives me what I need
Praying hard as your lifetime
Praying hard as your lifetime
Praying hard as your lifetime, goes byWhite lines fooling my kind
Living for the night timeHold hands, home in old land
Weathering the time sandsThis whole rhythm gives me what I need
Praying hard as your lifetime
Praying hard as your lifetime
Praying hard as your lifetime, goes byGoes by, goes by
