

Until I Get Caught Red Handed

Every Avenue

You expect, you presume
I expose you the truth
Can't you see that it's not what it seems?
I keep my secret safe with me
In a box beside the sea
Faces pale, faces strange
Pages erasedWhoa, in the shadows I have stood
Whoa, until I get caught red-handed
Whoa, in the shadows I have stood
Whoa, until I get caught red-handed
Get caught red-handedIn a crowd, unafraid
Curious to the daze
Steady hand, color stain
Walk awayDarling, let the monsters breathe
And don't worry what you'll see
Faces cold, faces dark
We all fall apartWhoa, in the shadows I have stood
Whoa, until I get caught red-handed
Whoa, in the shadows I have stood
Whoa, until I get caught red-handed
Get caught red-handed(Oh Whoa...)You expect, you presume
I expose you the truth
Can't you see that it's not what it seems?
I keep my secret safe with me
In a box beside the sea
Faces pale, faces strange
Pages erasedWhoa, in the shadows I have stood
Whoa, until I get caught red-handed
Whoa, in the shadows I have stood
Whoa, until I get caught red-handed
Get caught red-handedIn the shadows I have stood
Yeah, yeah
Until I get caught red-handed
Get caught red-handed
