

# Never Been Down

## Big & Rich

Im a little bit crazy  
Im a little bit reckless with this life  
Well, I dont worry  
Cuz Heavens on my sideWhen youre walkin' on water  
The waves, they try to knock you down  
Youll beg and borrow  
To go another roundThrow the cards on the table  
Hit me once then hit me again  
Im not afraid cuz Im able to win  
Its like Ive never been down before  
Like Ive never been down  
Its like Ive never been down before  
Like Ive never been down  
Like Ive never been down  
Double down and bet it all  
Cuz if youre ever gonna win it  
You got to make the callThrow the cards on the table  
Hit me once then hit me again  
Im not afraid cuz Im able to win  
Its like Ive never been down before  
Like Ive never been down  
Its like Ive never been down before  
Like Ive never beenInside the black or red, I never lose my head  
As long as I get to play  
Youll never see me frown, no matter up or down  
Im still in the gameThrow the cards on the table  
Hit me once then hit me again  
Im not afraid cuz Im able to win  
Its like Ive never been down before  
Like Ive never been down  
Its like Ive never been down before  
Like Ive never been down
