Yes Way

Tanlines

You made some big mistakes, you told some lies
You broke all the rules oh the mess
You ran out of time
The world isn't over, the world isn't over
The world isn't over,...see, spins around, ... me
I know, like a cold ...
My mind's on you, I see the whole picture
It's nothing I can do, stand back and ...youNow everyone's looking for you
You're nowhere to be found
Away for the weekend, ... for good half of town
Your world isn't over, your world isn't over
Your world isn't over, no, no, no, no, no, no,...see, spins around, ...me
I know, like a cold ...
My mind's on you, I see the whole picture
It's nothing I can do, stand back and ...you
My mind's on you, I see the whole picture
It's nothing I can do, stand back and ... you.
