Son Volt

Three generations can't be wrong
Roll around roll around with their favorite songs
Vinyl disc with power to hypnotize
Visions of blues and jump and jiveColors in sound jump out
Sitting by the gramophone
Same as stoned
If it warms the soul
Takes the strain away
From an ice cold brainHillbilly vein in 12-bar time
Juke joints and honky tonks collide
Sing the burdens the hardships of life
Legends through sound surviveColors in sound jump out
Sitting by the gramophone
Same as stoned
If it warms the soul
Takes the strain away
From an ice cold brain
