Gotta Go Gotta Leave

Vivian Green

CouldnÂ't have given you more.
I tried to love you like you loved me.
Maybe for wrong reasons....maybe.
At first it was beautiful.
Every girl has a fairytale.
But then you wake up and see
itÂ's not all itÂ's cracked up to be.
It turned into screaming days and solo nights.
Just wasnÂ't right (yeah...)
I didnÂ't really wanna see you,
was happy when you were leaving yeah...
I liked how it felt when I was by myself.
And thatÂ's the way I wanna be,
So please, donÂ't beg and plead,
Just let it be.
Just let it be...

[Chorus]

I gotta go. I gotta leave.
So please donÂ't make it hard for me.
IÂ've gave enough, IÂ'm tired of love,
I gotta let it go... [2x]

CouldnÂ't have given you more,
Gave you everything.
There wasnÂ't anything that you were denied (yeah).
But you should never give it all...
Â'cause sometimes thereÂ's nothing left
but bitterness and regret,
and it just ainÂ't worth it.

Â'Cause then thereÂ's the sudden change
Out of nowhere, it seems.
Never know I could be so mean,
But thatÂ's just how far you pushed me (yeah).

You say it just isnÂ't fair
and you didnÂ't know.
You need to take responsibility for your own,

Â‘cause youÂ’re grown.
And you known (yeah)

[Chorus]

I gotta go. I gotta leave.
So please donÂ’t make it hard for me.
IÂ’ve gave enough, IÂ’m tired of love,
I gotta let it go... [2x]

Now I take the blame
for trying to stay and work it out.
Shoulda left before it got complicated,
Shoulda left when there was still some happiness.

Yes I take the blame
for having faith in the relationship.
I thought it made me complete,
but the truth is,
IÂ’m complete without it.

Yeah-eah
(Gotta Let Go-ooo-ooo-oo)

[Chorus]

I gotta go. I gotta leave.
So please donÂ’t make it hard for me.
IÂ’ve gave enough, IÂ’m tired of love,
I gotta let it go... [2x]
