

I Am

Fit for Rivals

No time for hesitation
'Cause you're my fascination
And when you turn around
I've got you in my way now I am
The worst mistake you will ever make
I am
The dirty habit you'll never break
I am
What you desire in every way
I am your worst mistake, yeah I've got you in submission
I'm the

So swallow all my poison
From my intoxication I am
The worst mistake you will ever make
I am
The dirty habit you'll never break
I am
What you desire in every way
I am your worst mistake, yeah I am the one you crave you're so you need me baby
I am the one you crave, the one you say that drives you crazy I am the worst mistake you will ever make
I am the dirty habit you'll never break
I am what you desire in every way
I am your worst mistake, yeah I am the one you crave you're so you need me baby
I am the one you crave, the one you say that drives you crazy I am
The worst mistake you will ever make
I am
The dirty habit you'll never break
I am
What you desire in every way
I am your worst mistake, yeah
