Fascination

Jean-Christophe Cholet & Diagonal

No escaping, no spell is over me
Fantasy's fact you see in my life
Time and motion seem to have made a stop
And if the whole world passes by, I wouldn't bat an eye
If you say, you were mine
Ooh, fascination all I do is
Fascination, dream of you
Such devotion, I've never felt before
You opened up a door in my life
No tomorrow could there be without you
And if you should say, goodbye, I think that I would die
Ooh, fascination, all I do
Fascination, dream of you
I can't think about anything else but you
There's nothing I can do, oh no, oh no
Nothing I can do, nothing I can do
I can't think about anything else but you
There's nothing I can do
Fascination, all I do
Fascination, dream of you
Fascination, all I do
Fascination, dream of you
Fascination
