

# Shot Shot

## Gomez

Well hey, how's tricks man  
Think I seen you before  
Blank blank do you  
You looked a lot older  
You been workin' out  
What's wrong with that Well he came back and  
Came marching in  
Shot, shot to the  
He found a good reason  
Do it for the money  
What's wrong with that Control your bad side in to peril  
We come down  
Hold the line  
You're so fine  
Dead wrong So please stop talking  
Start puckering up  
My ears are blank  
It's the special occasions  
You do it for the money  
Can't go wrong with that
