

# If You Need to, Keep Time on Me

## Fleet Foxes

How could it all fall in one day?  
Were we too sure of the sun? If you need to, keep time on me  
If you need to, keep time on me Who knows what State is in store?  
If they all turn, will you run? If you need to, keep time on me  
If you need to, keep time on me When I need to, I'll keep time on you Wide oceans roar  
A frightened fool stokes heatless fire But if you need to, keep time on me  
If you need to, keep time on me How could it all fall in one day?  
Were we too sure of the sun  
If you need to, keep time on me  
If you need to, keep time on me
