## Idiot Pilot

Please don't love too soon to yourself  
I might have to, to your cell phone  
I don't want to, do you?  
I don't think so, so please just act slow  
It's so ugly over before you know in love We're trying to help you My edge runs down  
I'm trying so hard, denounce you  
"We're glow in the south"  
You'll wonder aloud Please don't love too soon to your cell phone  
I might have to, to your cell phone  
I don't want to, do you?  
I don't think so, so please just act slow  
It's so ugly over before you know in love We're trying to help you My ego's dry  
I'm trying hard to, not you  
"We're glow in the south"  
You'll wonder aloud You want to  
Suck me again  
You want to  
Send her away My each runs down  
I'm trying hard to, not you  
"We glow in the sun"  
You'll wonder aloud My each runs down  
I'm trying hard to bounce  
"We're glowing the sound"  
You'll wonder aloud
