

Sex and Liquor

The Strand

Our bodies greet, each with glistening smiles
I can feel you breathe with your chest against
mine. Our hands devour as the shadows gently
flicker. Two candles burning in the scent of sex and
liquor. Do you feel it's gone too far? No, we know just
where we are. And every body part says make it happen

Such wickedness your mouth is wording
Illuminates your darkest yearning
It's flesh on flesh, surreal tempest of desire
Pull the curtains back so there's nothing left to hide

Kissing and stopping. Just feeling, responding
Touching and talking. It's anything you want tonight

Heat inside and all our cares are gone
The flames ignite. Together we are one
