

# Oh My Dear (falling In Love)

Ween

Tell me where you come from, was it heaven above?  
Oh my dear, I must be falling in love  
Can you climb the sunny peaks of a fortress in mud?  
Oh my dear, I must be falling in love  
Did I tell you I want more than what you're really made of?  
Oh my dear, I must be falling in love  
Can you scope a purple blunder and admit that you are young?  
Oh my dear, I must be falling in love  
Tell me where you come from, was it heaven above?  
Oh my dear, I must be falling in love  
Can you climb the sunny peaks of a fortress in mud?  
Oh my dear, I must be falling in love  
Did I tell you I want more than what you're really made of?  
Oh my dear, I must be falling in love
