Gloria

Watermark

I wish I could crash like the waves
Or turn like the autumn leaves
In effort to praise You
I wish I could smell like the forest
The fragrance lifting a mighty chorus
In effort to praise You, in effort to praise YouBut I'm such a limited creature
And my words can only paint so many pictures
But somewhere I think I read that I am
Treasured over all creation
So I know that I must tryI wish I could roll like the thunder
To leave the earth below in wonder
In effort to praise You
I wish I could fall like the summer rain
And every drop would sing Your name
In effort to praise You, in effort to praise YouBut I'm such a limited creature
And my words can only paint so many pictures
But somewhere I'm sure I read that I am
Treasured over all creation
So I know that I must try, I must tryGloria, glory in the highest
Forever I will hide myself in Thee
Gloria, glory in the highest
Forever I will hide myself in TheeEvery breath that I breathe
Every moment in my history
Is an effort to praise You
An effort to praise YouGloria, glory in the highest
Forever I will hide myself in Thee
Oh, Gloria
Glory in Excelsis Deo
Gloria, Gloria
Gloria
Gloria, Gloria, Gloria
