# God By Another Name

## Ben's Brother

What if life wasn't long
And everybody got just a single moment?
If you wasted the moment alone
Spent your while time thinking: "Why should I need love?"
Then look above to the sky and beyond
Cos you don't know what you've got til it's gone, believe meEverybody needs a lover sometimes
And you were mine
My God by another name
Everybody needs a lover sometimes
And you were mine
My shelter from the rain outsideWhat if life was a car
And you didn't really know how to start it
Would you sit in your car like a clown
Or get out and walk to the nearest crowded bar?
And kiss a mouth, make it smile and be proud
That at least you had a good time for a while?
Believe meEverybody needs a lover sometimes
And you were mine
My God by another name
Everybody needs a lover sometimes
And you were mine
My shelter from the rain outsideAnd if you hold on to me now
And never let go
Then I guess at least we'll know
The sense that it all made, ohCos everybody needs a lover sometimes
And you were mine
My God by another name
Everybody needs a lover sometimes
And you were mine
My shelter from the rain outsideBut you stayed...
