

Gold Skies

Martin Garrix, Sander van Doorn & DVBBS

See the smoke when the sun shines
We will forever be faded under gold skies
Captivated in your cold eyes
We will forever be faded under gold skies See the smoke when the sun shines
We will forever be faded under gold skies
Captivated in your cold eyes
We will forever be faded under gold skies Coming up, coming down, look at all this love we found
Just the sun, feel me now, we will live forever
Coming up, coming down, look at all this love we found
Just the sun, feel me now, we will live forever
Coming up, coming down, look at all this love we found
Just the sun, feel me now, we will live forever
Coming up, coming down, look at all this love we found
Just the sun, feel me now, we will live forever
Coming up, coming up
Coming up, coming up
Coming up, coming up
Coming up, coming up
Coming up, coming up We will forever be faded under gold skies See the smoke when the sun shines
We will forever be faded under gold skies
Captivated in your cold eyes
We will forever be faded under gold skies Coming up, coming down, look at all this love we found
Just the sun, feel me now, we will live forever
Coming up, coming down, look at all this love we found
Just the sun, feel me now, we will live forever
Coming up, coming up
Coming up, coming up
Coming up, coming up
Coming up, coming up
Coming up, coming up Coming up, coming up
Coming up, coming up
Coming up, coming up
Coming up, coming up
Coming up, coming up We will forever be faded under gold skies
We will forever be faded under gold skies
We will forever be faded under gold skies
We will forever be faded under gold skies
