## Sono Vero

Babylon lady she's caught up in her diamond's and pearls. Babylon Lady fell into a false world.  
Babylon lady she's caught up in her diamond's and pearls. Her lost soul Babylon stole from beyond girl. Why  
Yeah.

She's beautifully blessed by creation. Never felt that way. False desires tempt imagination to create a material  
trail. What would you do to change her mind set to stone when all is lost and all a sudden there's nothing to be  
grown. She's royalty but she's living like a slave.

Just another Babylon lady she's caught up in her diamond's and pearls. Babylon Lady fell into a false world.  
Babylon lady she's caught up in her diamond's and pearls. Her lost soul Babylon stole from beyond girl. Why  
yeah .... man!

The television tells her to want, she wants.

Propaganda tells her to hate, she hates.

News station tells her to fear.....

Media telling her she's not good enough

She believes, She believes, ... when you think, they dare to say no no no, Just another Babylon lady she's  
caught up in her diamond's and pearls. Diamonds and pearls! Babylon Lady fell into a false world. False world!

Babylon lady she's caught up in her diamond's and pearls. Diamonds and pearls! Her lost soul babylon stole  
from beyond girl. Why Yeah.

Just another Babylon lady, she's caught up in her diamond's and pearls. Babylon Lady fell into a false world.  
Babylon lady, Yeah! she's caught up in her diamond's and pearls. Her lost soul babylon stole from beyond girl.

Na Na Na.

Just another Babylon Lady. she's caught up in her diamond's and pearls. Babylon Lady fell into a false world.
