Hey, recognize
I got a new name, get up on this
I got a new name, get up on this
I got a new name, get up on this
I got a new name, get up on this
I got a new name, get up on this
I got a new name, get up on this
I got a new name, get up on this
I got a new name, get up on this
I got a
I was sad, I was sad, I was sad
Until I heard her guitar
Shinning like the stars
From outside an opera bar
On the east side, the way she played it
Made me feel like I was back home
Her eyes, like two suns
Shinning down on this desert I roam
That is why I, I can't take this feeling in my heart anymore
Time for me to step and make my way through the door
If by chance I see you on this road once again
I can guarantee you that I will not pretend
Okay, so what's new? Is it really the old pursuit?
I meet the home girl on the corner of Broadview
And queen, and she was that, power to hypnotize
Strumming on the guitar and telling me no lies
Behind the dark skin was a soul of Isis
Priceless, Aquarius, Pisces I was a fish
And she was the water, heavenly daughter
With southern twang, claiming to be from Georgia

But I couldn't believe, she had to be from galaxies far beyond
And Kevin was so fond of the shape of my hands
I studied the lines in her face, wondering if they knew
What the secrets of human race is, face it
I drop the megatron bomb
Thanks to Terry and Jackie, I just stay calm
I got my heart broke, one shotgun, blow
But that's okay, I got a new name now

I got a new name, get up on this
I got a new name, get up on this
I got a new name, get up on this
I got a new name, get up on this
I got a new name, get up on this
I got a new name, get up on this
I got a new name, get up on this
I got a new name, get up on this
I got
Yo, dance to the, dance to the, dance to the, dance to the
Dance to the, dance to the, dance to the, dance to the
I can't take this feeling in my heart anymore
Time for me to step and make my way through the door
If by chance I see you on this road once again
I can guarantee you that I will not pretend
Better recognize C A N A D A
Eh, eh, what we say, eh, recognize
Better recognize C A N A D A
Eh, eh, eh, recognize
Shame on a, that tries to run game on a
Recognize
Recognize C A N A
