

Exile and Ego

Merchandise

O' here's the moment that's always been hiding
Just below the bottom of the earth
The one you've secretly been always dreading
For better or worse that moment's here Is it true love or is heartache or the Angel of Death coming for a kiss?
Your body's shaking and wondering what is this I ask myself all the same old questions
And keep all my secrets to my chest
O' how's a man supposed to be living
When he's lost out here in the wild west But I ain't no cowboy
I got no six gun
Just one question sitting in front of me
I need an answer
And I need it quickly
Help me do what's right baby
Cause I'm lost out here without you
