

# Give You Away

## Daniel Wilson

Isn't news to me  
We've been like this for a while  
Love's a mystery  
The wilderness was all we found  
And we're the wildest things  
We tumble up  
We tumble now  
World and History  
The best and show head of the class  
And all the kids agreed  
That we were born and meant to last  
But fairy tales aren't real  
And our ideals were always bound to clash  
You're missing a part of me  
I'm missing a part of you  
I don't want to lose  
Don't want to choose  
But I'll give you  
Give you  
Give you away  
And I'll give you  
I'll give you  
I'll give you away  
And if I can't have you for one single day  
Today  
I'll give you away  
There has been a change  
The light is out  
The bed unmade  
Do you remember me?  
An empty room  
A road unpaved  
You whisper, "Sweet release"  
(Sweet release)  
And I can tell that we arrange  
Oh, communication's key  
But I'm afraid a door's been locked  
And who is there to blame?  
We took a chance  
We gave it a shot  
And though I disagree  
I know that what we had now ain't a lot  
You're missing a part of me  
And I'm missing a part of you  
And I don't want to lose  
I don't want to choose  
But I'll give you

Give you  
Give you away And I'll give you  
I'll give you  
Give you away And if I can't have you for one single day  
Today But I'll give you  
Give you  
Give you away  
And I'll give you  
I'll give you  
I'll give you away And if I can't have you for one single day  
Today  
Give you away
