

# Do You Miss Me at All

## Bridgit Mendler

[Verse 1]

From this view

I see colors, the blacks and the blues

Here comes another night

Without you

I'm looking over the trees and the roofs

And I don't know what I will find[Pre-Chorus]

I don't know if you're even in the city

Don't know if you're even at home

Don't know who you're spending all your time with[Chorus]

But do you miss me at all?

Do you wonder what I'm up to

Without you?

Do you miss me at all?

Do you wanna leave a message on my phone

Saying "I'm coming home"?[Verse 2]

In this room

You are the wallpaper that sticks like glue

Into my memory

So do you

Think me over

Once in a blue moon

'Cause you always rise to me[Pre-Chorus]

I don't know if you're even in the city

Don't know if you're even at home

Don't know who you're spending all your time with[Chorus]

But do you miss me at all?

Do you wonder what I'm up to

Without you?

Do you miss me at all?

Do you wanna leave a message on my phone

Saying "I'm coming home"?[Bridge]

Gone without a trace

You been so MIA

Was passing through your neighborhood

Boy, you've been abrupt

I never get enough to

Know that you still think of me too[Pre-Chorus]

I don't know if you're even in the city

Don't know if you're even at home  
Don't know who you're spending all your time with[Chorus]  
But do you miss me at all?  
Do you wonder what I'm up to  
Without you?  
Do you miss me at all?  
Do you wanna leave a message on my phone  
Saying "I'm coming home"?  
Yeah  
Do you wonder what I'm up to  
Without you?  
Do you miss me at all?  
Do you wanna leave a message on my phone  
Saying "I'm coming home"?  
Yeah  
Do you wonder what I'm up to  
Without you?  
Do you miss me at all?  
Do you wanna leave a message on my phone  
Saying "I'm coming home"?
