

# Liquid Lava Love (feat. Claudette Ortiz)

[Kevin Michael](#)

Telephone, turn it off, its time for you to take it off  
You know what I need, Im talking bout those jeans  
Unhook them slowly, dont stop, keep going  
Until they hit the floor, you know what Im looking for  
Give me that liquid lava love, just cant get enough  
Slow like honey, oh so foamy, I like your flow  
Liquid lava love, you make me erupt  
Overflowing, dont you know Im bout to explode  
Baby, baby, baby, can I have it please?  
Ill get down on my knees [Incomprehensible]  
Let me just kiss your lips and let me just kiss your lips  
Did you get it girl? I know you do  
And girl, you know what I wanna do with you, yeah  
Liquid lava love, just cant get enough  
Slow like honey, oh so foamy, I like your flow  
Liquid lava love, you make me erupt  
Overflowing, dont you know Im bout to explode  
Girl, you got my fire burning, body yearning  
Cant take it no more, cant take it no more  
Rain is falling, why you stalling?  
I cant take it no more, cant take it no more  
Cant stop the volcano thats ready to blow  
So just lay back and let it go and let your liquid lava flow  
Liquid lava love, just cant get enough  
Slow like honey, oh so foamy, I like your flow  
Liquid lava love, you make me erupt  
Overflowing, dont you know Im bout to explode
