

# My Secret Flame

## The Mavericks

You'll never know  
I'll never tell  
I've learned to hide  
My feelings well  
My heart beats fast  
When it hears your name  
And you'll always be  
My secret flame  
You've got someone  
Who holds your heart  
To say anythin'  
Would not be smart  
But my love for you  
Will never change  
And you'll always be  
My secret flame  
I have this dream  
Of me and you

I pray someday, some way  
It will come true  
So I'll trust in time  
You'll feel the same  
And then you'll be  
My secret flame  
I have this dream  
Of me and you  
And I pray someday, some way  
It will come true  
So I sleep alone  
But not in vain  
And each night I hold  
My secret flame  
And you'll always be  
My secret flame
