

Guys Like You (Give Love a Bad Name)

[Stacy Lattisaw](#)

You got that devil's walk, that cool persuasive talk
Sending me to fall
Those Valentino eyes have got me hypnotized
Giving you my all

Oh, it feels like heaven here alone with you
But wwhat you've got me doin' things you'll never do

Guys like you, like you, baby
Give love a bad name
You'll just go and take my love and then
Guys like you, like you, baby
Give love a bad name
You'll just break my heart, you'll never change

Guys like you, like you, baby
Give love a bad name
And girls like me feel the pain
Ooh, ooh

You're hot and cold too much
There's nothing real to touch
Even though I try
You take my love and split
You broke my heart to bits
Nothing's left to hide

I can see your future, you're just holding on
But now that good-for-nothing is as good as gone

Guys like you, like you, baby
Give love a bad name
You'll just go and take my love and then
Guys like you, like you, baby
Give love a bad name
You'll just break my heart, you'll never change

Guys like you, like you, baby
Give love a bad name
And girls like me feel the pain

Ooh, ooh

I thought that both of us were tryin'
But all you've done is leave me cryin'

You'll just break my heart

Guys like you, like you, baby
Give love a bad name
You'll just go and take my love and then
Guys like you, like you, baby
Give love a bad name
You'll just break my heart, you'll never change

Guys like you, like you, baby
Give love a bad name
You'll just break my heart , you'll never change
Guys like you, like you, baby
Gve love a bad name
Whoa, yeah, yeah

Guys like you, like you, baby
Give love a bad, love a bad
Guys like you, like you, baby
Give love a bad, love a bad
