empty

Lianne La Havas

I knew you were empty,
I knew you were lost, yet still,
I'm alone,
But oh how I've grownThought that he'd left me,
Thought that he'd burned out bright,
And I'm alone,
But somehow I'm alright
It seemed so easy,
Just to walk, just to run,
But if you leave me,
I can reacquaint myself, with my true loved one(Chorus)
Just leave town
I can sleep when you're not around
Thought it was myself that I'd foundI knew you were empty,
I knew you will always yet stilll,
I'm alone,
But oh how I've grownThought that he'd left me,
Thought that he'd burned out bright,
And I'm alone,
But somehow I'm alright
It seemed so easy,
Just to walk, just to run,
But if you leave me,
I can reacquaint myself, with my true loved oneJust leave town
I can sleep when you're not around
Thought it was myself that I'd found
I said just leave town
I can sleep when you're not aroundI gotta take another call right now
