Now That's Rock 'n Roll

Powerman 5000

(They write very pretty heavy lyrics and I, I agree with most of the stuff that they write)
Here come the dead beats and the dirt bags, might give you something that you never had
Don't get political, just keep it minimal, now can you get with that or are you typical
The lights flashing going off and on , the floors hotter than Viet Nam
Crack it open and release the swarm of a thousand deadly killers
Come on, come on
Hey now that's rockin'
Come on, come on
Hey now that's rockin'
Come on, come on
Hey now that's rockin'
Come on, come on
Hey now that's Rock 'n Roll
You know I came to show but you don't want to know when the lows are high and the highs are low
Been keeping hope alive since 1985 and you gave it up before you even tried
Dancing devil walking on water, can you believe that is somebodys daughter
Not in the show but still a performer and people think you're crazy
Come on, come on
Hey now that's rockin'
Come on, come on
Hey now that's rockin'
Come on, come on
Hey now that's rockin'
Come on, come on
Hey now that's rockin'
Come on, come on
Hey now that's rockin'
Come on, come on
Hey now that's rockin'
Come on, come on
Hey now that's Rock 'n Roll

(Ah... Oh yeah... Oh! Ahhh! Yeah)
Smashed up, bashed up crashed
I'm feeling alright
Ain't good looking and never been that bright
Smashed up, bashed up crashed
I'm feeling o.k.
Ain't got nuthin' to do and nuthin' to say

(What?)
Come on, come on
Hey now that's rockin'
Come on, come on
Hey now that's Rockin'
Come on, come on
Hey now that's rockin'
Come on, come on
Hey now that's Rockin'
Come on, come on
Hey now that's rockin'
Come on, come on
Hey now that's Rockin'
Come on, come on
Hey now that's rockin'
Come on, come on
Hey now that's Rock 'n Roll
(Yeah!)
Now that's Rock 'n Roll
Now that's Rock 'n Roll
Now that's Rock 'n Roll
Now that's Rock 'n Roll
