

Under the Milky Way

[Rick Springfield](#)

Sometimes when this place gets kind of empty
Sound of their breath fades with the light
I think about loveless fascination
Under the Milky Way tonight
Wish I knew what you were looking for
Might have known what you would find
And it's something quite peculiar
Something that's shimmering and white
Leads you here despite your destination
Under the Milky Way tonight
Wish I knew what you were looking for
Might have known what you would find
Wish I knew what you were looking for
Might have known what you would find
Lower the curtain down in Memphis
Lower the curtain down all right
I got no time for private consultation
Under the Milky Way tonight
Wish I knew what you were looking for
Might have known what you would find
Under the Milky Way tonight
Under the Milky Way tonight
Under the Milky Way tonight
