Same Things

The Artichokes

Verse
They said youre back and they say youve been down
I thought Id talk to you now
Ive got the music turned down
Ive got my thoughts turned up loudI stopped to talk and they said you been bad
You said you wish Id come back
And its fine to talk
But I refuse to be your rockPrechorus
I dont want to waste any time
And all that I say are liesChorus
And Ill sing the same song, and Ill do the same things that Ive done all alone
And Ill sing the same song, and Ill do the same things but Ill do them all wrongVerse
I got your call and they said its too late
I should have stopped by on my way
And you said you gave in
Sometimes its time to cave inYou said your back and its for the last time
I built your city on my spine
But my legs are tired
And Im not strong enough to savePrechorus
Chorus
