

# Same Things

## The Artichokes

Verse

They said youre back and they say youve been down  
I thought Id talk to you now  
Ive got the music turned down  
Ive got my thoughts turned up loudI stopped to talk and they said you been bad  
You said you wish Id come back  
And its fine to talk  
But I refuse to be your rockPrechorus  
I dont want to waste any time  
And all that I say are liesChorus  
And Ill sing the same song, and Ill do the same things that Ive done all alone  
And Ill sing the same song, and Ill do the same things but Ill do them all wrongVerse  
I got your call and they said its too late  
I should have stopped by on my way  
And you said you gave in  
Sometimes its time to cave inYou said your back and its for the last time  
I built your city on my spine  
But my legs are tired  
And Im not strong enough to savePrechorus  
Chorus
