# The Ballad Of Ressurection Joe And Rosa Whore

## Rob Zombie

Insane blues at the green man inn
Cut the lights and pray that you dead
Opium dreams through the seven dials and
Feel the pillow over your head
Rachel hides from Ained the crow
Keen eye on the peelers
Experiment from a fifty three
And no scratch for the dealers
If she wants some more
She wants some more
She wants some more
Sweet Rosa whore
I say hell is love
You say I must suffer
She's a motherfucker
Resurrect me
I say hell is love
You say I must suffer
She's a motherfucker
Resurrect me
Sleep well in your killing bed
Give a jig 'n' show some life
Favor for a favor don't separate the
Pain from the knife
All the doctors sing
You gotta suffer for the cure
As the world fades away
You wonder where you were
If she wants some more
She wants some more
She wants some more
Sweet Rosa whore
I say hell is love
You say I must suffer
She's a motherfucker
Resurrect me
I say hell is love
You say I must suffer
She's a motherfucker

Resurrect me
If she wants some more
She wants some more
She wants some more
Sweet Rosa whore
I say hell is love
You say I must suffer
She's a motherfucker
Resurrect me
I say hell is love
You say I must suffer
She's a motherfucker
Resurrect me
