

# Satellites (Soulsavers remix)

## Doves

I want you to know this  
My anger's all but done  
Sweet Lord  
I swear I've seen the darkness  
Sweet Lord  
I swear I've seen some painSatellites ahead  
So hold on  
Satellites I said  
So come onHere comes a strange cargo  
Here comes a light that leaves out of here  
Sweet Lord  
All I've known is badness  
Sweet Lord  
All I've known is painSatellites ahead  
So hold on  
Satellites I said  
So come on  
For seven nights I slept  
Hold on  
The satellites ahead  
So come onI want you to notice  
My anger's all but done  
And all I've known is madnessSatellites ahead  
So hold on  
For seven nights I slept  
So come onSo hold on  
So come on  
So hold on  
So come on
