

I Don't Need You

Terry Dexter

The way you try to play with me
Lets me know you're not taking my love seriously
So now my guard is up because
I've been hurt before and I'm not gonna hurt no more
See I've already given you more than you deserve
And I love you but I'm no fool
Now if you don't get yourself together
Then I'm gonna leave you
If you just think you're gonna do anything you wanna do
Well, I got news for you
I don't need you, I can find somebody else
I don't need you
If you just think you're gonna do anything you wanna do
Well, I've got news for you
I don't need you, I'm gonna find somebody else
I don't need you
I try to change my point of view on another [Incomprehensible]
And you said you'd do the same for me
We women stress so easily
I won't put up with your infidelity
Boy you had me where you wanted me
But no more, I've gotta move on, yes, I'm moving on
It's true that love makes no sense
I won't get caught up in this mess 'cause I'm moving on, yeah
If you just think you're gonna do anything you
wanna do
Well, I got news for you
I don't need you, I can find somebody else
I don't need you
If you just think you're gonna do anything you wanna do
Well, I got news for you
I don't need you, I'm gonna find somebody else
I don't need you
You're gonna miss the love I gave you
No one else can make you feel the way I do
When making love to them you think about me
'Cause I was good to you
If you just think you're gonna do
I don't need you, I can find somebody else
I don't need you
If you just think you're gonna do
I don't need you, I'm gonna find somebody else
I don't need you
I don't need you, I can find somebody else
I don't need you
I don't need you, I'm gonna find somebody else
I don't need you
I don't need you, I'm gonna find somebody else
