

Bring Me Back

Talisco

The angel story in town
She attracts and enchants all the minds
She worries, intrigues, she's so fine
I am wondering
Oh oh oh
My head just can't slow me down, slow me down
Oh oh oh
I'm rolling downhill, she enchants our minds-Oh, bring me back
I'll fall in love with you
Fall in love with you
Will someone catch me when I drop
She rises up my way
Will someone catch me when I drop
Open up my eyes I am lost in a beautiful cloud
In search of a magical sign
I freeze the moment for a while
Cause I wonder who you are
Oh oh oh
My head just can't slow me down, slow me down
Oh oh oh
I'm rolling downhill, she enchants our minds-Oh, bring me back
I'll fall in love with you
Fall in love with you
Will someone catch me when I drop
She rises up my way
Will someone catch me when I drop
Open up my eyes
