James Luther Dickinson

All The Fiends Are Out
Nobody's leaking any more
No-one said a thousand times
My brains' been scattered about
Forced to deal with suffering
Making more than I mean
Leave my past behind me
Life... LIFE

Show me show me SHOW ME (3x)Now the fiends are back in

I'm through with resort

Just one more time

To keep my face inLIFESmile , while the blade slides down your face

Pain, for at least 2 or 3 days

You , dont' you love all your scars

Feel, all the Medicine releasedSMILE, WHILE THE BLADE SLIDES DOWN YOUR FACE (8x)
