Feels Like Love

Vince Gill

Look what my heart has gotten into
The sweetest gift I ever knew
It's even better than my favorite shoes
Look what my heart has found in you[Chorus]
Feels like sunshine, feels like rain
Lord it feels like love finally called my name
I want to jump and shout I want to sing and dance
Lord it feels like love wants a second chanceLook what my heart can clearly see
How much I crave your company
A true companion I will always be
Look what my heart has done to me[Chorus]Looks like my heart has become
The safest place for us to run
I'll be here for you when the day is done
Looks like my heart has found someone[Chorus]
