Singer's Chance

Warmen

Waking up into reality
Fading away from a dream
A shelter for me
Listening to the voices through the wall
Trying to figure out the place
Where I am though I've seen them allRemembering yesterday
How we pulled it off again
And later hit the highwayAs I take the stage I realize
That my life has meaningHere I am
I have to sing it out
The feelings I had have inside
for so many years
Here is my chance
I have to take it
Reaching out to the people
Who have come to see the showI see the hands in the air
Feeling the energy
That we shareWhen the day is done
And I'm on my own
I feel tired and satisfiedHere I am
I have to sing it out
The feelings I had have inside
for so many years
Here is my chance
I have to take it
Reaching out to the people
Who have come to see the showI see the hands in the air
Feeling the energy
That we shareWhen the day is done
And I'm on my own
I feel tired and satisfiedHere I am
I have to sing it out
The feelings I had have inside
for so many years
Here is my chance
I have to take it
Reaching out to the people
Who have come to see the show
