

I've Got a Fang

They Might Be Giants

Glistening white triangular tooth
Open up a can of tomato juice I've got a fang
I've got a fang
I've got a fang Girlfriend took me to meet her dad
He didn't like me because I look so bad I've got a fang
I've got a fang
I've got a fang Girlfriend took me to meet her mom
Her head exploded like a atom bomb I've got a fang
I've got a fang
I've got a fang I've got a fang
I've got a fang
I've got a fang Glistening white triangular tooth
Open up a can of tomato juice I've got a fang
I've got a fang
I've got a fang
