Drop a Coin

Matthew Santos

I'm replying to a personal sign
in the paper, said your looking for special friend,
you need someone quite particular
or for a partner,someone your heart can comprehendI'm replying to a personal sign
in the paper,said your looking for a one night stand,you dont want nobody personal or loveable,just a body to get off onYou can drop a coin in me,chose who you really are or need to be and i will do my very best to be whatever makes you happy,
you can drop a coin in me chose who you are or need to be and i will do my very best, no one likes to be lonelyI'm replying to a personal sign in the paper,said your looking for your father,theres a love that he gave to you or neglected to,theres a love that you've been after
