

What Your Love Looks Like

Adam Brand

Looking at you
Looking at me
You're all I want
You're all I need

Baby you say
There's nothing to fear
You're too far away
So come over here

I'm going to close up all the window
I want to let down all the blinds
I want to blow out all the candles
To see what your love looks like

I want to find you in the darkness
Get lost inside this night
I want to close my eyes
See what your love looks like

Kissing your lips
Touching your skin
There ain't no doubt
What we're falling here

I'm going to close up all the window
I want to let down all the blinds
I'm going to blow out all the candles
To see what your love looks like

I want to find you in the darkness
Get lost inside this night
I want to close my eyes
See what your love looks like

Looking at you
Looking at me
So beautiful

I'm going to close up all the window

I want to let down all the blinds
I'm going to blow out all the candles
To see what your love looks like

I'm going to find you in the darkness
Get lost inside this night
I'm going to close my eyes
See what your love looks like

Baby show me what your love looks like

You're all I want
You're all I need
