

# Rockin Horse

## The Prisonaires

Desert highway to a memory I said that I'd come back for you  
By the jukebox at the starlight grill kickin' out an Elvis tune  
Are you waitin' little sister? Killin' time and dreamin' too  
You need a fraction of long distance love I'm drivin' all night  
For you, yeah I'm gonna be there in a big way you can leave the radio on  
Like an outlaw like Jesse James another hundred miles is gone  
Sunrise to sundown I'm gonna turn you around yeah Baby, I've been so lonely what am I s'posed to do?  
Out in the sun with passion out of my head for you  
Baby my heart's a mustang just let it run its course  
Take it up by the river I'm gonna give you more Ride the rockin' horse, hey  
Ride the rockin' horse, yeah Got the top down wishin' on a star underneath the Spanish moon  
Golden earring on the radio radar love is coming through  
She's a station on the interstate  
I'm comin' with a message of love  
In the saddle you can ride all night rock around my glove  
Yeah Sunrise to sundown I'm gonna turn you around  
Baby I've been so lonely what's a man s'posed to do  
Out in the sun with passion out of my head for you  
Proof papa's got the fever just let it run its course  
Take it up by the river I'm gonna give you more Ride the rockin' horse, hey  
Ride the rockin' horse Baby, I've been so, baby, I've been so, baby  
I've been so lonely, lonely, lonely, lonely  
So lonely so lonely so lonely  
(Ride the rockin' horse)  
Lo lo lo lo lonely, lonely yeah  
Baby I've been so, out of my head for you, wah  
(Ride the rockin' horse)  
Baby I've been so lonely, I am I am  
Baby, baby, baby  
(Ride the rockin' horse)  
Babe I've been so lonely what am I gonna do  
Thank you New York (Ride the rockin' horse)  
(Ride the rockin' horse)  
(Ride the rockin' horse)
