Safest Place

Echosmith

Oh woah

Oh woahYou're not drowning

You're not lost

You're not broken

You're not starcrossedKeep you far

Keep you far from what I know

You'll be fine, you'll be fine

Just don't look closely nowWe'll run straight through the valley

And into where you want it to be

Swim past the shadows

In the words that echo off the streets

If you're looking for truth

Don't come looking for me

You're better off not knowing

Cus you're story

Is the safest place you'll ever be (Oh woah)I was hoping

That you'd be fine

The lies are unfolding

Cover your eyesKeep you far

Keep you far from what I know

You'll be fine, you'll be fine

Just don't look closely nowWe'll run straight through the valley

And into where you want it to be

Swim past the shadows

In the words that echo off the streets

If you're looking for truth

Don't come looking for me

You're better off not knowing

Cus you're story

Is the safest place you'll ever be (Oh woah)You'll ever be (x2)

Oh oh oh ohKeep you far

Keep you far from what I know

You'll be fine, you'll be fine

Just don't look closely nowWe'll run straight through the valley

And into where you want it to be

Swim past the shadows

In the words that echo off the streets

If you're looking for truth

Don't come looking for me

You're better off not knowing Cus you're story Is the safest place you'll ever be (Oh woah)
