

Have You Ever

Twin Peaks

Have you ever

Have you ever (Have you ever) swallowed paper and lost track of the time?

(Have you ever) shoved the cork in the wine?

(Have you ever) played the same record 57 times?

(Have you ever) lost track of your mind? I've been lonely too

I've been lonely too

I've been lonely too

I've been lonely too long to be afraid of the tomb (Have you ever) been so lonely that you started to laugh?

(Have you ever) said hello to the glass?

(Have you ever) been told to follow your dreams?

(Have you ever) seen the wave of shit that it brings? I've been lonely too

I've been lonely too

I've been lonely too long to be afraid of the tomb (Have you ever) ordered food to hear a knock on the door?

(Have you ever) fell in love with a whore?

(Have you ever) heard the sound of a belt hit the floor?

(Have you ever) felt your nights were a chore? I've been lonely too

I've been lonely too

I've been lonely too long to be afraid of the tomb
