

Anarchy In the UK (Demo)

Sex Pistols

Right now I am an antichrist
And I am an anarchist
Don't know what I want
But I know how to get it
I wanna destroy the passerby
'Cause I wanna be Anarchy
No dog's body. Anarchy from the U.K.
It's coming sometime and maybe.
I give a wrong time, stop a traffic line.
Your future dream is a shopping scheme.
'Cause I
I wanna be Anarchy
In this city. How many ways to get what you want
I use the best
I use the rest.
I use the enemy
I use anarchy.
'Cause I wanna be Anarchy. It's the only way to be.
Is this the M.P.L.A. or
Is this the U.D.A. or
Is this the I.R.A.?
I thought it was the U.K.
Or just another country
Another council tenancy
I wanna be Anarchy.
And I wanna be Anarchy.
Oh what a name
And I wanna be an anarchist
Get pissed Destroy!
