Money Talks

Shiraz Lane

It's been said, Mr. Money talks
If that's true, tell me what it says
Capitalism will make us pay
Old-fashioned fascism still sways

False prophets lie for their gain
You're shackled to the system
It's a mental submission

Would you trust in it?
Kill for it?

Money talks,
Poor men walk
Can't you see?
You can't be free

Money talks,
Poor men walk
Can't you see?
You Can be free

Are you infected with the same
Disease of lust, gluttony and greed
If you can't see the forest from the trees
Do you think you'll be saved if you beg on your knees?

False Prophets lie for their gain
You're shackled to the system
It's a mental submission

Would you trust in it?
Kill for it?

Money talks,
Poor men walk
Can't you see?
You can't be free

Money talks,

Poor men walk
Can't you see?
You Can be free

Lie For It
Die For It

Lie for it - you'd do it for the money
Die for it - you'd do it for the money
Kill for it - You'd do it for the money

Money talks,
Poor men walk
Can't you see?
You can't be free

Money talks,
Poor men walk
Can't you see?

YOU CAN BE FREE
YOU CAN BE FREE
YOU WILL BE FREE
