## Rittz

Kissing in the hallway  
Turn off all the lights  
Fragments of a lost love  
Dissolve into the night And I'll never get this feeling out of my head  
And I'll never wanna be the one you forget But it's the pain inside your eyes  
Under the streetlights, I got you  
Your restless limbs are going wild  
Coming for mine 'cause I've got you Climb into the backseat  
Sitting on each other's knees  
Wanna be on repeat  
Acting like real ladies And I'll never get this feeling out of my head  
And I'll never wanna be the one you forget But it's the pain inside your eyes  
Under the streetlights, I got you  
Your restless limbs are going wild  
Coming for mine 'cause I've got you I got you  
I got you And I'll never get this feeling out of my head  
And I'll never wanna be the one you forget But it's the pain inside your eyes  
Under the streetlights, I got you  
Your restless limbs are going wild  
Coming for mine 'cause I've got you
